CONSOLIDATED HEALTH PLANS

PARTNERSHIP WITH NATIONWIDE

CHP to administer NEB small group program

CHP is proud to announce that its relationship with Nationwide Insurance Company is growing. CHP has entered into an agreement with Nationwide to manage and develop an administrative system for ongoing administration of small group, 2-9 Employee Benefit products including life, disability, accident and dental. The administration of these products is currently managed within Nationwide and will transition as an integral business unit within CHP.

CHP and Nationwide have begun implementation planning for this program in preparation for its launching on January 1st of 2014. Integration will occur at strategic intervals to allow for an efficient and seamless transition for Nationwide's clients. Over the next several months CHP will be providing job opportunities within the community and advancement opportunities within its organization.

CHP is committed to quality service by being accessible, responsive and flexible. CHP currently provides superior service to Nationwide and their clients: this new relationship will further enhance the product offering of both parties.

CHP is an industry-leading claim administrator providing affordable health insurance and special risk solutions for thousands of policyholders worldwide. CHP offers student health and accident plans, employee health and dental plans, FSA and HRA administration, participant accident insurance and back-room claim administration for carriers.
