New Quote & Bind Website Lets Agents Earn Commissions 24/7 When Consumers Buy Group Accident Coverage Online

(SPRINGFIELD) It's every insurance agent's dream. Life & Health agents can direct their customers to a website (<https://consolidatedhealthplan.com/products/pa>) providing free Nationwide Participant Accident Insurance quotes 24/7 with an option to bind coverage instantly with a credit or debit card. If the customer designates an agent who is appointed by Nationwide through CHP, the sale generates a 15% commission for the agent with little effort.

Participant Accident Insurance protects uninsured participants of sports teams, child care programs, camps, conference centers, youth groups, clubs, vocational training programs and many other types of groups of children and adults. With so many people without health insurance due to the economy, the need for Participant Accident Insurance is greater than ever. Sponsors of group activities involving uninsured participants can be exposed to the risk of paying unexpected medical expenses or fighting a lawsuit if a participant is injured and can't afford to pay their medical bills.

Agents with their own website, Facebook page or newsletter can add a link to the Nationwide "Quote & Bind" website and their commissions will add up even faster. To learn more, call the CHP Sales Department 800-633-7867 weekdays 8-5 ET or email sales@consolidatedhealthplan.com.
