The amount of the payments made includes the reasonable cash value of any benefit provided in the form of services.

**Right to Subrogation:** If the Insured suffers an Injury or Sickness through the act or omission of another person, and if Benefits are paid under this Policy due to such Injury or Sickness, then We will be entitled to a refund of all Benefits We have paid from such recovery, as permitted by law. The refund of Benefits shall be allowable to the extent the Insured recovers or may recover for the same Injury or Sickness from another plan, including a third party, its insurer, or the Insured's uninsured motorist insurance. Further, We have the right to offset subsequent Benefits payable to the Insured under the Policy against such recovery.

Upon Our request, the Insured must complete the required forms and return them to Us or to Our administrator. The Insured must notify Us of any pending or contemplated claims against third parties. The Insured must cooperate fully with Us in asserting a right to recover. The Insured will be personally liable for reimbursement to Us to the extent of any recovery obtained by the Insured from any third party. If it is necessary for Us to institute legal action against the Insured for failure to repay Us, the Insured will be personally liable for all costs of collection, including reasonable attorney's fees.

We may file a lien in an Insured's action against the third party and have a lien upon any recovery that the Insured receives whether by settlement, judgment, or otherwise, and regardless of how such funds are designated. We shall have the right to recovery of the full amount of Benefits paid under the Policy for the Injury or Sickness, and that amount shall be deducted first from any recovery made by the Insured. We will not be responsible for the Insured's attorney's fees or other costs.

**Right to Reimbursement:** If Benefits are paid under this plan and any person recovers from a third party by settlement, judgment or by operation of primary Coverage, We have a right to recover from that person an amount equal to the amount We paid. However, We will reimburse the Covered Person from any charges on a pro-rata basis for any expense incurred in securing the settlement, judgment or otherwise.

**Limitation to Our Recovery Rights:** We may exercise Our Right to Subrogation against third parties unless We are precluded from enforcing such right where a responsible third party has extinguished its liability or has been relieved of liability by contract or operation of law. If We are precluded from exercising Our Right to Subrogation, We may exercise Our Right to Reimbursement.

We, in exercising Our Right to Subrogation, will not seek to recover more than We paid under this plan. We, in exercising Our Right to Reimbursement, will not seek to recover more than the amount recovered from a third party.

## **MEDICAL NECESSITY and MEDICAL APPROPRIATENESS DETERMINATION**

We reserve the right to review claims and establish standards and criteria to determine if a Covered Service is Medically Necessary and/or Medically Appropriate. Benefits will be denied by Us for Covered Services that are not Medically Necessary and/or Medically Appropriate. In the event of such a denial, You will be liable for the entire amount billed by that Provider. You do have the right to appeal any adverse decision as outlined in the Appeals and Complaint Section of this Policy. You may have the right to an external independent review as outlined in the Appeals and Complaint Section of this Policy.

Covered Services are Medically Necessary if they are:

- Required to meet the health care needs of the Covered Person; and
- Consistent (in scope, duration, intensity and frequency of treatment) with current scientifically based guidelines of national medical or research organizations or governmental agencies; and
- Consistent with the diagnosis of the Condition; and
- Required for reasons other than the comfort or convenience of the Covered Person or Provider; and
- Of demonstrated medical value and medical effectiveness.

A Covered Service is Medically Appropriate if it is rendered in the most cost-effective manner and type of setting appropriate for the care and treatment of the Condition.

When specifically applied to Hospital Confinement, it means that the diagnosis or treatment of symptoms or a Condition cannot be safely provided on an Outpatient basis.

A treatment, drug, device, procedure, supply or service shall not be considered as Medically Necessary if it:

- Is Experimental/Investigational or for research purposes;
- Is provided solely for educational purposes or the convenience of the patient, the patient's family, Physician, Hospital or any other Physician;
- Exceeds in scope, duration or intensity that level of care that is needed to provide safe, adequate and appropriate diagnosis or treatment and where ongoing treatment is merely for maintenance or Preventive Care;
- Could have been omitted without adversely affecting the patient's Condition or the quality of medical care;
- Involves treatment with or the use of a medical device, drug or substance not formally approved by the U.S. Food and Drug Administration (FDA). If the prescribed drug is recognized as safe and effective for the treatment of a Sickness or Injury by one or more of the Standard Medical Reference Compendia or in the Medical Literature, even if the prescribed drug has not been approved by the FDA for the treatment of that specific Sickness or Injury, Coverage will be provided, subject to the exclusions and limitations of the Policy;
- Involves a service, supply or drug not considered reasonable and necessary by the Centers for Medicare & Medicaid Services; or
- Can be safely provided to the patient on a more cost-effective basis such as Outpatient, by a different medical professional, or pursuant to a more conservative form of treatment.

If You have other insurance and pre-certification is required, this Coverage will consider the services authorized by the primary carrier as Medically Necessary and process Your claim accordingly unless otherwise excluded under the plan.

Except for Preventive Care (Wellness Services), all Covered Services must be Medically Necessary, except as specified herein.

If You have any questions or concerns about whether a particular service, supply, or treatment is Medically Necessary or Medically Appropriate, contact Us.

## EXCESS PROVISION

Our liability for medical expense Benefits payable on account of Covered Charges incurred shall be limited to that part of the expense, if any, which is in excess of the total Benefits payable for the same Sickness or Injury, on a provision of service basis or on an expense Incurred basis under any Other Medical Insurance. If Other Medical Insurance provides Benefits on an excess insurance or an excess Coverage basis, Benefits will be paid first by the insurer or services plan whose Policy or service contract has been in effect for the longer period of time at the date of such Sickness or Injury.

Benefits paid by this plan will not exceed: 1) any applicable plan maximums; and 2) 100% of the compensable expenses incurred when combined with benefits paid by any Other Medical Insurance.

Benefits paid or payable by any other medical insurance include benefits that would have been received had a claim for benefits been duly made therefore.

For purposes of the Policy, a Covered Person's entitlement to Other Medical Insurance will be determined as if the Policy did not exist and shall not depend upon whether timely application for Benefits from Other Medical Insurance is made by or on behalf of the Covered Person.

**Primary Benefit Amount:** If a Primary Benefit Amount is shown in the Schedule of Benefits, We will pay the Covered Charges incurred for a Sickness or Injury up to the Primary Benefit Amount. Such Covered Charges will be paid according to the terms of the Policy. Subsequent claims received for the same Sickness or Injury which are in excess of the Primary Benefit Amount, will subject the entire claim to the Excess Provision.

- Any amount payable for services or injuries or diseases related to the Covered Person's job to the extent that he actually received Benefits under a Worker's Compensation Law. If the Covered Person enters into a settlement to give up his rights to recover future medical expenses that would have been payable except for that settlement.
- Social Security Disability Benefits, except that Other Medical Insurance shall not include any increase in Social Security Disability Benefits payable to a Covered Person after he becomes disabled while insured hereunder.
- Any Benefits payable under any program provided or sponsored solely or primarily by any governmental agency or subdivision or through operation of law or regulation.
- Any Policy containing Coverage which provides Benefits for medical expenses on a 1st or 3rd party basis.

If it was not possible for the claim form to be given within ninety (90) days, We will not deny the claim because of late filing, provided proof was given as soon as reasonably possible. In any case, the claim form must be sent no later than one (1) year from the date of service, unless the Covered Person is legally incapacitated.

**Time of Payment of Claims:** Benefits payable under this Policy for any loss, other than loss for which this Policy provides any periodic payment, will be paid immediately upon, or within thirty (30) days after, receipt of due written proof of such loss. Subject to due written Proof of Loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

**Payment of Claims:** Benefits will be payable to the Covered Person or the medical services Provider if We have received a valid assignment by the Covered Person.

If any indemnity of this Policy shall be payable to the estate of the Covered Person or to a Covered Person who is a minor or otherwise not competent to give a valid release, We may pay such indemnity to his parent, guardian or other person actually supporting him. Any payment made by Us in good faith pursuant to this provision shall fully discharge Us to the extent of such payment.

Subject to any written direction of the Covered Person or of the legal or natural guardian of the Covered Person, if the Covered Person is a minor or otherwise incompetent to make such a direction, all or a portion of any indemnities provided by the Policy as a result of medical, surgical, dental, Hospital or nursing service may, at Our option, and unless We are requested in writing not later than the time for filing Proofs of Loss, be paid directly to the Hospital or person rendering such services; but it is not requested that the services be rendered by a particular Hospital or person.

**Physical Examination and Autopsy:** We, at Our own expense, shall have the right and opportunity to examine the Covered Person as it may reasonably require while a claim is pending. We, at Our own expense, may also have the right to make an autopsy in the case of death, where it is not prohibited by law.

**Legal Actions:** A legal action may not be brought to recover on this Policy prior to the expiration of sixty (60) days after written Proof of Loss has been given as required. No such action may be brought after the expiration of three (3) years after the time written proof was required to be given.

## GRIEVANCE PROCESS

The grievance process includes complaints, internal and external review.

### Definitions:

**Adverse Benefit Determination:** Means any of the following: a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a Benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participant's or beneficiary's eligibility to participate in a plan, and including, a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a Benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which Benefits are otherwise provided because it is determined to be Experimental or Investigational or not Medically Necessary or appropriate.

**Appeal or Internal Appeal:** Review by a plan or issuer of an adverse benefit determination.

**Authorized Representative:** An individual who by law or by the consent of a person may act on behalf of the person.

**Complaint:** An inquiry to Nationwide about Covered Services, a Covered Person's rights or other issues or the communication of dissatisfaction about the quality of service or Benefit or other issue which is not an Adverse Benefit Determination.

**Grievance:** A request submitted by an enrollee or an authorized representative.

**Expedited (Urgent Care) Appeal:** An appeal that must be reviewed under an expedited process because the application of non-expedited appeal time frames could seriously jeopardize a Covered Person's life or health or the Covered Person's ability to regain maximum function. In determining whether an appeal involves urgent care, Nationwide must apply the judgment of a prudent layperson that possesses an average knowledge of health and medicine. An Expedited Appeal is also an appeal involving (a) care that the treating Physician deems urgent in nature; (b) the treating Physician determines that a delay in the care would subject the Covered Person to severe pain that could not adequately be managed without the care or treatment that is being requested; or (c) the Covered Person is a cancer patient and the delay would subject the Covered Person to pain. Such appeal may be made by telephone, facsimile or other available similarly expeditious method. An Expedited Appeal is not available for services already incurred.

**Independent External Review:** If the Covered Person receives a final Adverse Decision of an appeal, the Covered Person or the Covered Person's authorized representative who may include the treating Provider may appeal the Adverse Decision to the Bureau of Insurance for an Independent External Review.

**Independent Review Organization:** An entity that conducts independent external reviews of adverse determinations and final adverse determinations.

**Post-service Appeal:** An appeal for which an Adverse Benefit Determination has been rendered for a service that has already been provided.

**Reconsideration:** A review of a not Medically Necessary Adverse Decision, by either Nationwide's Medical Director, an independent Physician advisor, or a peer of the treating Provider who is licensed in the Provider's same or similar specialty. The Covered Person, a Provider, or a Covered Person's authorized representative may request reconsideration. Reconsiderations are a voluntary and optional step in Nationwide's appeal process. A Covered Person is not required to go through the reconsideration process before filing an appeal.

### Complaint Resolution

1. **Administrative Complaints**  
Complaints due to the denial of services or payment of a claim must be reported no later than twelve (12) months from the date of service. Most complaints can be resolved by calling, or writing to, Our Customer Service Department. The telephone number and address are on Your Identification Card.  
If an informal review does not resolve the reported complaint, You will be notified of Your right to appeal.
2. **Quality of Care or Service Complaint**  
Quality of care complaints will be forwarded to the unit responsible for such investigations immediately upon receipt by Customer Service. We will send You a written acknowledgment within fifteen (15) working days of receipt of the complaint. All quality of care complaints will be investigated and corrective action taken where problems and/or deficiencies are verified.
3. If We cannot provide You with a satisfactory solution to Your complaint, You may file a standard or urgent (if applicable) appeal for internal review by contacting Us at the address or phone number on the back of Your ID

card or write to or call the Department of Insurance, whose information is located in the Important Notice section of this Policy.

4. If We deny a claim as “not Medically Necessary” and cannot provide You with a satisfactory solution to Your complaint, You may request an Independent External Review by writing to or calling the department of insurance in Your state or Us.

## **Internal Appeal Review Process**

### **Standard Appeals**

You, an authorized person, or a Provider, with Your consent, may submit a written appeal to Us if Coverage is denied, reduced or terminated. Appeals must be received within one hundred eighty (180) days of the date the Covered Person receives written notification of the denial. Appeals should be sent to:

#### **Nationwide Life Insurance Company Attention: Consolidated Health Plans**

2077 Roosevelt Ave.  
Springfield, MA 01104  
Toll Free Number: 1-800-633-7867  
Fax Number: 413-733-4612

The receipt of the grievance or appeal will be acknowledged in writing within seven (7) days. The appeals staff will review all of the information. A decision will be made within sixty (60) calendar days of receipt for a Post-Service Claim Appeal. This time period may be extended for up to an additional sixty (60) calendar days if additional information is needed. You will be notified in writing of the Appeals Department’s decision.

A Post-Service Claims Appeal is an appeal of a decision to deny or reduce Benefits for claim that has already been incurred.

### **Urgent Appeals**

You, an authorized person or a Provider, with Your consent, may request an Urgent Appeal. This request may be verbal or written. A decision will be made within seventy-two (72) hours of receipt for an Urgent Appeal.

An Urgent Appeal is an appeal for which the medical Condition, in the absence of immediate medical attention, may result in serious impairment to bodily functions, serious dysfunction of any bodily organ or part, severe pain that cannot be managed adequately, or places in serious jeopardy the health of an individual, and with respect to a pregnant woman, includes her unborn child.

For urgent health situations, You may ask for an external review request at the same time as Your internal appeal request.

The types of denials that can go to external review are:

- Any denial that involves medical judgment (such as Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a covered Benefit) where You or Your Provider may disagree with the health insurance plan.
- Any denial that involves a determination that a treatment is Experimental or Investigational.

## **External Review Process**

Under certain circumstances, You have a right to an external appeal of a denial of coverage. Specifically, if We denied Coverage on the basis that the service does not meet the plan’s requirements for Medical Necessity (including appropriateness, health care setting, level of care, or effectiveness of a covered Benefit) or is an Experimental or Investigational treatment (including clinical trials and treatments for rare diseases), or is an out-of-network treatment, You or Your representative may appeal that decision to an external appeal agent, an independent entity certified by the State to conduct such appeals.

You, an authorized person or a Provider, with Your consent, may request the external review within at least one hundred twenty (120) days after the receipt of the notice of adverse determination or final internal adverse benefit determination. We will provide an external appeal application with the final adverse determination issued through the internal appeal process or its written waiver of an internal appeal. You may also request an external review form from the Department of Insurance in Your state.

**Phone: (515) 281-5705**  
**Toll Free Consumer Line: 877-955-1212**  
**Fax: (515)-281-3059**

There is no charge to You for the external review.

### **1. Your Right to Appeal a Determination that a Service is Not Medically Necessary**

You may request an Independent Medical Review (IMR) of Medical Necessity denial, if You believe that We have improperly denied, modified, or delayed health care services. A Medical Necessity denial is any health care service eligible for Coverage and payment under the Policy that has been denied, modified, or delayed by Us, in whole or in part, because the health care service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to You. Costs associated with the independent external review are the responsibility of the nonprevailing party. You have the right to provide information in support of the request for IMR. You may contact Customer Service for assistance.

#### **Eligibility:**

We will review Your application for IMR if it is filed within five (5) months of any of the following qualifying periods or events. All of the following Conditions must be met:

- a. Your Provider has recommended a health care service as Medically Necessary; or
- b. You have received Urgent Care or Emergency Services that a Provider determined was Medically Necessary; or
- c. In the absence of (a) or (b) You have been seen by a Participating Provider for the diagnosis or treatment of the medical Condition for which You seek independent review; and
  - The claim has been denied, modified, or delayed by Us based in whole or in part on a decision that the health care service is not Medically Necessary; and
  - You have filed an appeal with Us and the disputed decision is upheld or the appeal remains unresolved after thirty (30) days. If Your appeal requires expedited review You may bring it immediately to Our attention. We may waive the requirement that You follow the appeal process in unusual cases; or
  - We waive the exhaustion requirement.

If Your case is eligible for an IMR, the dispute will be submitted to an IMR organization, meeting the requirements of Section 1152 of the Social Security Act, that will make an independent determination of whether or not the care is Medically Necessary. A determination made by the external reviewer is binding on the parties. You will receive a copy of the assessment made by the independent reviewer. If the IMR determines the service is Medically Necessary, We will provide Benefits for the health care service.

For non-urgent cases, the IMR organization, independent of the Company, must provide its determination within thirty (30) days of receipt of Your application and supporting documents. For urgent cases involving an imminent and serious threat to Your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of Your health, the IMR organization must provide its determination within three (3) business days.

You have the right to submit, to the IRO, additional information in writing that the IRO must consider when conducting the external review. The IRO will allow You at least five (5) business days to submit any additional information and any additional information submitted by You will be sent to Us, from the IRO, within one (1) business day.

Please call Our Customer Service Department at the phone number on the back of Your Identification Card if You have any questions or need additional information.

### **2. Independent Medical Review (IMR) - Experimental or Investigational Denials**

**Eligibility:** You may request an Independent Medical Review (IMR) from an organization independent of the Company if all of the following criteria are met:

- a. You have a Life Threatening or Seriously Debilitating Condition, as certified by Your Physician.
  - (i) "Life Threatening" means either or both of the following:
    - Diseases or Conditions where the likelihood of death is high unless the course of the disease is interrupted;
    - Diseases or Conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

- (ii) "Seriously Debilitating Condition" means diseases or Conditions that cause major irreversible morbidity.
- b. Your Physician certifies that one of the following situations applies:
    - standard therapies have not been effective in improving the Condition;
    - standard therapies are not Medically Necessary for You;
    - there is no standard therapy covered under the Policy that will benefit You more than the requested therapy;
  - c. Your Physician has recommended a drug, device, procedure or other therapy that he or she certifies in writing is likely to benefit You more than standard therapies; or You or Your Physician have requested a therapy that based on two (2) documents from the Medical and Scientific Evidence as defined below, is likely to be more beneficial for You than any available standard therapy.
  - d. The Physician's certification includes a statement of the evidence relied upon when certifying the recommendation. We will not pay for services of a Non-Participating Provider that are not otherwise covered.
  - e. You have been denied Benefits/Covered Services for services requested in (2) above, unless Coverage for the specific therapy is excluded by this Policy;
  - f. The drug, device, procedure or other therapy would be covered under the Policy if it were not considered to be Experimental or Investigational.

**For the purposes of this section, "Medical and Scientific Evidence" means the following sources:**

1. Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.
2. Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institute of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline and MEDLARS database Health services Technology Assessment Research (HSTAR).
3. Medical journals recognized by the Secretary of Health and Human services, under Section 1861(t) (2) of the Social Security Act.
4. The following standard reference compendia: The American Hospital Formulary Service-Drug Information, the American Medical Association Drug Evaluation, the American Dental Association Accepted Dental Therapeutics and The United States Pharmacopoeia-Drug Information.
5. Findings, studies or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.
6. Peer-reviewed abstracts accepted for presentation at major medical association meetings.

**3. Your Right to Appeal a Determination that a Service is Out-of-Network**

If the Plan has denied Coverage of an out-of-network treatment because it is not materially different than the health service available in-network, You may appeal to an external appeal agent if You satisfy the following three (3) criteria:

- The service must otherwise be a Covered Service under this Subscriber Contract;
- You must have requested pre-authorization for the out-of-network treatment; and
- You must have received a final adverse determination through the first level of the Plan's internal appeal process and the Plan must have upheld the denial or You and the Plan must agree in writing to waive any internal appeal or You apply for an expedited external appeal at the same time as You apply for an expedited internal appeal or the Plan fails to adhere to claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and the Plan demonstrates that the violation was for good cause or due to matters beyond the control of the Plan, and the violation occurred during an ongoing, good faith exchange of information between You and the Plan).

In addition, Your Attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service, and based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your Attending Physician must be a licensed, board-certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

You do not have a right to an external appeal for a denial of a referral to an out-of-network Provider on the basis that a health care Provider is available in-network to provide the particular health service requested by You.

The independent external reviewer will either uphold or overturn Our decision to deny payment. If the external reviewer overturns Our decision, We will provide Benefits for the health care service.

You may also request an external appeal request form from the Iowa Department of Insurance at 877-955-1212. Submit the completed application to the State Department of Insurance at the address indicated on the application. If You satisfy the criteria for an external appeal, the State will forward the request to a certified external appeal agent.

You will have an opportunity to submit additional documentation with Your request. If the external appeal agent determines that the information You submit represents a material change from the information on which We based Our denial, the external appeal agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision.

In general, the external appeal agent must make a decision within thirty (30) days of receipt of Your completed application. The external appeal agent may request additional information from You, Your Physician, or from Us. If the external appeal agent requests additional information, it will have five (5) additional business days to make its decision. The external appeal agent must notify You in writing of its decision within two (2) business days.

If Your Attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your Attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the external appeal agent must make a decision within seventy-two (72) hours of receipt of Your completed application. Immediately after reaching a decision, the external appeal agent must try to notify You and the Plan by telephone or facsimile of that decision. The external appeal agent must also notify You in writing of its decision.

If the external appeal agent overturns the Our decision that a service is not Medically Necessary or approves Coverage of an Experimental or Investigational treatment or an out-of-network treatment We will provide Coverage subject to the other terms and conditions of the Policy. Please note that if the external appeal agent approves Coverage of an Experimental or Investigational treatment that is part of a clinical trial, We will only cover the costs of services required to provide treatment to You according to the design of the trial. We will not cover the costs of Investigational drugs or devices, the costs of non-health care services, the costs of managing research, or costs which would not be covered under this Policy for non-Experimental or non-Investigational treatments provided in such clinical trial.

The external appeal agent's decision is binding for both parties. The external appeal agent's decision is admissible in any court proceeding.

If You need help filing an internal appeal or external review, Your state's Consumer Assistance Program (CAP) or Department of Insurance may be able to help You. No change in the Policy shall be valid until approved by one of Our executive officers and unless such approval is endorsed hereon or attached hereto. No agent has authority to change the Policy or waive any of its provisions.

Failure by Us to enforce any Policy provision shall not waive, modify or render such provision unenforceable at any other time; at any given time; or under any given set of circumstances, whether the circumstances are or are not the same.

We have full, exclusive and discretionary authority to determine all questions arising in connection with the Policy, including its interpretation.

**Grace Period:** A grace period of thirty-one (31) days will be granted for the payment of Premiums accruing after the first Premium, during which grace period the Policy shall continue in force, but the Covered Person shall be liable to Us for the payment of the Premium accruing for the period the Policy continues in force.

**Statements in the Application:** All statements made in an application by the Policyholder are, in the absence of fraud, representations and not warranties. No statement shall be used to contest the Policy, the validity of Coverage or reduce Benefits, unless it is in writing, signed by the Policyholder, and a copy of such statement is furnished to the Policyholder.

**Non-Participating:** The Policy is non-participating. It does not share in Our profits or surplus earnings.

**Nonduplication of Benefits:** If any item of expense is payable under more than one provision of the Policy, payment will be made only under the provision providing the greater Benefit.

**Conformity with State Statutes:** If any provision of this Policy is contrary to any law to which it is subject, such provision is hereby amended to conform to the minimum requirements of such law.

**Workers' Compensation:** This Policy is not in lieu of and does not affect any requirement for Coverage by Workers' Compensation Insurance.

**Clerical Error:** If a clerical error is made so that an otherwise Eligible Person's Coverage does not become effective, Coverage may be in effect if: (a) the Policyholder makes a written request for Coverage on a form approved by Us ; and (b) any Premium not paid because of the error is paid in full from the Effective Date of Coverage. Company reserves the right to limit retroactive Coverage to two months preceding the date the error was reported.

If a clerical error is made so that the Coverage is in effect for a person who is not eligible, an adjustment will be made to correct the error. Any Premium refund will be reduced by any payment made for claims. If claims paid exceed the Premium refund, the Policyholder shall reimburse Us for the overpayment.

**Information and Records:** We shall have the right to inspect, at reasonable times, any of the Policyholder's records for the Policy. The Policyholder shall provide Us with information necessary to administer Coverage and set Premium under the Policy. Information is required when an Eligible Person becomes covered, when changes in amounts of Coverage occur, and when a Covered Person's Coverage terminates.

## NOTICE OF PROTECTION PROVIDED BY IOWA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the Iowa Life and Health Insurance Guaranty Association (the "Association") and the protection it provides for policy holders. This safety net was created under Iowa law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Iowa law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are:

- Life Insurance
  - \$300,000 in death benefits
  - \$100,000 in cash surrender and withdrawal values
- Health Insurance
  - \$500,000 in basic hospital, medical-surgical or major medical insurance benefits
  - \$300,000 in disability income protection insurance benefits
  - \$300,000 in long-term care insurance benefits
  - \$100,000 in other types of health insurance benefits
- Annuities
  - \$250,000 in annuity benefits, cash surrender and withdrawal values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$350,000. Special rules may apply with regard to hospital, medical-surgical and major medical insurance benefits.

**Note: Certain policies and contracts may not be covered or fully covered.** If coverage is available, it will be subject to substantial limitations and exclusions. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements under Iowa law.

To learn more about the Association and the protections it provides, as well as those relating to group contracts or retirement plans, please visit the Association's website at [www.ialifega.org](http://www.ialifega.org), or contact:

The Association is subject to supervision and regulation by the Commissioner of the Iowa Insurance Division. Persons who desire to file a complaint to allege a violation of the laws governing the Association may contact the Iowa Insurance Division. State law provides that any suit against the Association shall be brought in the Iowa District Court in Polk County, Iowa.

**Insurance companies and agents are not allowed by Iowa law to use the existence of the Association or its coverage to encourage you to purchase any form of insurance.
