Dear Students and Parents:

I am pleased to announce that Stevens has selected University Health Plans to provide the Student Health Insurance Plan for 2015-2016. This twelve (12) month plan is effective from August 18, 2015 to August 17, 2016. Full-time Students are automatically enrolled in the insurance plan and a premium for coverage is added to their tuition bill unless proof of comparable coverage is furnished. Students who have comparable insurance coverage can waive the student plan online by visiting www.universityhealthplans.com and selecting Stevens Institute of Technology. The deadline to enroll in the Plan or to waive is August 31, 2015, for undergraduates and September 18, 2015, for graduates.

We recommend that all students enroll in the Stevens Student Insurance Plan. The Student Insurance Plan ensures access to local health care and eliminates requirements which may be in place when using family insurance or potential problems when using plans based outside of the US. Many families find it cost-effective and convenient to be enrolled in both the student plan and their family insurance plan. Varsity student-athletes are especially encouraged to enroll in the Stevens Plan. If you decide to waive the Stevens Plan, check with your private insurance company to ensure that you will have access to medical care while you are living in Hoboken.

Students who want the Student Health Insurance Plan should submit the online enrollment form to expedite processing their enrollment. Enrollments and waivers must be submitted online. No paper forms will be accepted. Students who enroll in or waive the Plan online will be able to print out a confirmation and will also receive an email confirmation. If full-time students do not submit a waiver by the deadline, they will be automatically enrolled in the Plan.

For most students, including those with F1 visas, the annual premium is $1,383. Benefits for international students meet US Government requirements. Enrolled students can also purchase this plan for their spouse/domestic partner and children. Students who are interested in purchasing dependent coverage should complete a dependent enrollment form from University Health Plans online at www.universityhealthplans.com or by calling directly at (800) 437-6448.

In addition to the Student Health Insurance Plan, Stevens is pleased to offer our students and their dependents a Dental Insurance Plan (DeltaCare) and VSP Vision Plan. You may enroll in these plans on a voluntary basis, they are not required insurance. The online enrollment form, plan benefit highlights, and a list of network providers can be found by visiting www.universityhealthplans.com and selecting Stevens Institute of Technology and then DeltaCare or VSP Vision.

Should you have any questions about the online waiver process or benefits, please contact University Health Plans at (800) 437-6448.

I wish you all the best for the upcoming school year.

Sincerely,
Marguerite B. Cunning, BA, RN, Director of the Student Health Center

AM I ELIGIBLE?

The Stevens Institute of Technology is making available a Student Health Insurance program (hereinafter called “plan”) underwritten by Nationwide Life Insurance Company and administered by Consolidated Health Plans. This brochure provides a general summary of the insurance coverage; the Schedule of Benefits is not all inclusive of eligible benefits payable under this plan. Keep this brochure as no individual policy will be issued. This summary is not a contract; however, the Master Policy will be available for review upon request. The Master Policy contains the contract provisions and shall prevail in the event of any conflict between this brochure and the Master Policy.

Full-time students are automatically enrolled in the insurance plan and a premium for coverage is added to their tuition bill unless proof of comparable coverage is furnished. Students enrolled in Stevens’ Cooperative Education program have full-time status. Students must actively attend classes (Co-op students are considered actively attending) for at least the first thirty-one (31) days after the date for which coverage is purchased.

Part-time students are eligible to enroll by going to www.universityhealthplan.com

Home study, correspondence, Internet, and television (TV) courses do not fulfill the Eligibility requirements. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium, minus any claims paid.
COVERAGE FOR DEPENDENTS

Insured Students who are enrolled in the Student Health Insurance Plan may also enroll their eligible Dependents. Eligible dependents under the plan include the insured person’s spouse/domestic partner and dependent children under age twenty-six (26). Dependent Eligibility expires concurrently with that of the Insured Student. Students may also enroll their Dependents within thirty-one (31) days of an eligible qualifying event. Eligible qualifying events for a Dependent are defined in the Master Policy. Enrollment requests (including payments) received after the thirty-one (31) days following the qualifying event will not be accepted. Coverage will be effective as of the date of the qualifying event.

EFFECTIVE DATES AND COSTS

The Stevens Institute of Technology Student Health Insurance Plan provides coverage to students for a twelve (12) month period - from 12:01 a.m. August 18, 2015, through August 17, 2016.

TERMINATION

Coverage will terminate at 11:59 p.m. local time at the Policyholder’s address on the earliest of:

- The Termination Date of the Policy;
- The last day of the term of Coverage for which Premium is paid;
- The date a Covered Person enters full time active military service. Upon written request within 90 days of leaving school, We will refund the unearned pro-rata Premium to such person upon written request.
- The last date of the period for which Premium has been paid following the date a Dependent ceases to be a Dependent as defined.

Termination is subject to the Extension of Benefits provision.

EXTENSION OF BENEFITS

The Coverage provided under this Policy ceases on the termination date, shown on the face page. However, if a Covered Person is:

- Hospital Confined on the Termination Date from a covered Injury or Sickness for which Benefits were paid before the Termination Date, Covered
- Expenses for such Injury or Sickness will continue to be paid for a period of fifty-two (52) weeks or until date of discharge, whichever is earlier.
- Pregnancy resulting from conception prior to the date of discontinuance of the Policy will continue to be paid for a period of one hundred eighty (180) days, or until date pregnancy ends, whichever is earlier.
- Totally Disabled on the Termination Date from a covered Injury or Sickness for which Benefits were paid before the Termination Date, Covered Expenses for such Injury or Sickness will continue to be paid for a period of fifty-two (52) weeks or until the date the disability ends, whichever is earlier.

Totally Disabled means, with respect to the Insured, the inability to attend classes at the location where he is enrolled. With respect to a Dependent, or the Insured if such classes are not in session, disability means the inability to engage in any of the usual activities of a person of like age and sex whose health is comparable to that of the Covered Person immediately prior to the Injury or Sickness.

The total payments made in respect of the Covered Person for such Condition both before and after the termination date will never exceed the Maximum Benefit. After this Extension of Benefits provision has been exhausted, all Benefits cease to exist and under no circumstances will further Benefits be made.

Dependents that are newly acquired during the Insured’s Extension of Benefits period are not eligible for Benefits under the provision.

PREMIUM REFUND POLICY

Any Insured Student withdrawing from the college during the first thirty-one (31) days of the period for which coverage is purchased shall not be covered under the Policy and a full refund of the premium will be made minus any claims. Students withdrawing after thirty-one (31) days will remain covered under the Policy for the full period for which premium has been paid and no refund will be made available. This is true for students on leave for medical or academic reasons, graduating students, and students electing to enroll in a separate comparable plan during the Policy Year. Premiums received by the Company are non-refundable except as specifically provided.

Covered Persons entering the armed forces of any country will not be covered under the Policy as of the date of such entry. A pro-rata refund of premium will be made for such person upon written request received by the Company within ninety (90) days of withdrawal from school. Refunds for any other reason are not available.
**PRE-CERTIFICATION PROCESS**

The Schedule of Benefits identifies medical Covered Services which must be Pre-Certified by the Review Organization. Advising the Review Organization before You receive such medical Covered Services allows the Review Organization to determine Medical Necessity and Medical Appropriateness. Medical care that is not necessary and appropriate adds to the cost of care and exposes You to unnecessary risk.

You are responsible for calling the Review Organization at the phone number found on the back of Your ID card and starting the Pre-Certification process. For Inpatient services, the call should be made prior to Hospital Confinement. In the case of an Emergency, the call should take place as soon as reasonably possible.

Pre-Certification is not required for Medical Emergency, Urgent Care, or Hospital Confinement for maternity care.

Pre-certification is not a guarantee that Benefits will be paid.

Your Physician will be notified of the Review Organization's decision as follows:

- For elective (non-Emergency) admissions to a Health Care Facility, the Review Organization will notify Your Physician and the Health Care Facility by telephone and/or in writing of the number of Inpatient days, if any, approved;
- For Confinement in a Health Care Facility longer than the originally approved number of days, Your treating Physician or the Health Care Facility must contact the Review Organization before the last approved day. The Review Organization will review the request for continued stay to determine Medical Necessity and notify the Physician or the Health Care Facility of its decision in writing or by telephone.

Our Review Organization agent will make this determination within seventy-two (72) hours for an urgent request and four (4) business days for non-urgent requests following receipt of all necessary information for review. Notice of an adverse determination made by the Review Organization agent will be in writing and will include:

- The reasons for the adverse determination including the clinical rationale, if any.
- Instructions on how to initiate standard or urgent appeal.
- Notice of the availability, upon request of the Covered Person, or the Covered Person's designee, of the clinical review criteria relied upon to make the adverse determination. This notice will specify what, if any additional necessary information must be provided to, or obtained by, the Review Organization Agent in order to render a decision on any requested appeal.

Failure by the Review Organization agent to make a determination within the time periods prescribed shall be deemed to be an adverse determination subject to appeal.

If You have questions about Your Pre-Certification status, You should contact Your Provider.

**STUDENT HEALTH CENTER REFERRAL**

The Covered Person must first seek services of the Student Health Center (SHC). If the SHC cannot provide the service needed, the Insured must obtain an initial referral that verifies that the services were not available at the SHC. The Insured is then free to seek services without penalty with a Provider outside of the SHC.

Expenses incurred for treatment rendered outside of the SHC for which no prior referral is obtained will be paid at 70% regardless of whether treatment is provided by a Preferred Provider or Out-of-Network Provider.

A SHC referral for outside care is required except under the following Conditions:

- Medical Emergency;
- When the SHC is closed due to breaks or vacation periods;
- Medical care received when the Insured is more than 50 miles from the Student Health Center;
- Medical care obtained when the Insured is no longer able to use the SHC due to change in eligibility status; or
- Maternity care;

Dependents are not eligible to use the SHC; and therefore are exempt from the above limitations and requirements.

A SHC referral does not constitute a guarantee of Benefits when treatment is provided outside the SHC. We reserve the right to determine the Medical Necessity of treatment for services provided outside the SHC.

**SCHEDULE OF BENEFITS**

Your Coverage provides for the utilization of Preferred Providers in a Preferred Provider Organization (PPO). The Preferred Provider Organization(s) for your Coverage is: MagnaCare. "Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices.

If care is received within the Network from a Preferred Provider, all Covered Medical Expenses will be paid at the Preferred Provider level of benefits found on the Schedule of Benefits. In the case of an Emergency, if an Out-of-Network Provider is used, the In-Network percentage in the Schedule of Benefits will be applied.

A Covered Person is not required to seek treatment from a Preferred Provider. Each Covered Person is free to elect the services of a Provider and Benefits payable will be made in accordance with the terms and Conditions of this benefit.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insured's may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

**Coordination of Benefits**

The Policy Year is the basis for consideration of claims. This provision will be used when the Benefits the Covered Person would receive under this Policy plus those received under all other Plans would exceed the total Allowable expense. If the Benefits provided under all Plans exceed the Allowable expense, We will reduce Our Benefits so that the total benefit received from all plans does not exceed 100% of Allowable expenses. When Benefits are reduced under the primary plan because the Covered Person did not comply with the plan provisions, the amount of such reduction will not be considered an Allowable expense.

**Recovery Rights**

We will not seek reimbursement for an overpayment of a claim later than eighteen (18) months after the date the first payment on the claim was made.

We will not collect or attempt to collect the overpayment from the health care Provider, unless as a result of fraudulent activities committed by the Provider, on or before the 45th calendar day (i) following the submission of the reimbursement request to the health care Provider; (ii) if the Provider disputes the request and initiates an appeal following the submission of the overpayment request; or (iii) collect a monetary penalty against the overpayment request, including but not limited to an interest charge or late fee.

Insured Percent: That part of the Covered Charge that is payable by the Company after the Deductible and/or Copayment has been paid.

Medically Necessary/Medical Necessity: We reserve the right to review claims and establish standards and criteria to determine if a Covered Service is Medically Necessary and/or Medically Appropriate. Benefits will be denied by Us for Covered Services that are not Medically Necessary and/or Medically Appropriate. In the event of such a denial, You will be liable for the entire amount billed by that Provider. You do have the right to appeal any adverse decision as outlined in the Appeals and Complaint Section of this Policy.

Covered Services are Medically Necessary if they are:

- Required to meet the health care needs of the Covered Person; and
- Consistent (in scope, duration, intensity and frequency of treatment) with current scientifically based guidelines of national medical or research organizations or governmental agencies; and

- Of demonstrated medical value and medical effectiveness.

A Covered Service is Medically Appropriate if it is rendered in the most cost-effective manner and type of setting appropriate for the care and treatment of the Condition.

When specifically applied to Hospital Confinement, it means that the diagnosis or treatment of symptoms or a Condition cannot be safely provided on an Outpatient basis.

Preventive Care: Provides for periodic health evaluations, immunizations and laboratory services in connection with periodic health evaluations, as specified in the Schedule of Benefits. Well Baby and Child Care, and Well Adult Care benefits will be considered based on the following:

(a) Evidenced-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force, except that the current recommendations of the United States Preventive Service Task Force regarding breast cancer screening, mammography, and prevention of breast cancer shall be considered the most current other than those issued in or around November 2009;

- The actual amount charged by the Provider;
- The negotiated rate, if any; or
- The fee often charged for in the geographical area where the service was performed.

The Reasonable Charge is determined by comparing charges for similar services to a national database adjusted to the geographical area where the services or procedures are performed, by reference to the 80th percentile of Fair Health Inc. schedules. The Insured Person may be responsible for the difference between the Reasonable Charge and the actual charge from the Provider.

For a Provider who has a reimbursement agreement, the Reasonable Charge is equal to the Preferred Allowance under any reimbursement agreement with Us, either directly or indirectly through a third party, as described in the Preferred Provider Benefit provision. If a Provider accepts as full payment an amount less than the rate negotiated under the reimbursement agreement, the lesser amount will be the maximum Reasonable Charge.

Sickness (Sick): means illness, disease or condition, including pregnancy and Complications of Pregnancy that impairs a Covered Person’s normal functioning of mind or body and which is not the direct result of an Injury or Accident. All related conditions and recurrent symptoms of the same or a similar condition will be considered the same Sickness.
